**E**stablished in December 1996, the North Shore Alzheimer's Partnership is a collaboration of both professional and family caregivers. Our goal is to enhance the availability of community resources for dementia victims and their families. The enclosed Monthly Calendar of Family Support Groups is one such effort.

Through a partnership model, we are able to share resources, provide regional education and training, and advocate with one voice. Meetings are held at a different member agency each month.

The Partnership is affiliated with the Alzheimer's Association of Eastern Massachusetts.

New members are always welcome. For information, please call any of the support group "Contacts" listed here.
